Re: Wynn Calder (fictional) Member XXXXXXXX
Request date: 09/25/2026
Please authorize adalimumab 40 mg every week
for hidradenitis suppurativa. Drains continue.
The attached form lists a different frequency.
I am leaving both frequencies on this fax.
Methotrexate was failed. No dose and no dates
were written in the outside records I hold.
Body surface area involvement remains 15%.
Measured 08/14/2026. No earlier BSA is filed.
Denies fever. No hx of bowel disease.
Signed Dr. Nedal Ruiz (fictional)
