1200 Xxxxxxxx Blvd, Xxxxx, XX XXXXX | Tel: XXXXXXXXXX | Fax: XXXXXXXXXX
PRIOR AUTHORIZATION TRANSMISSION - PCSK9 INHIBITOR
Date: 10/24/2026 | Member ID: XXXXXXXX | Group ID: XXXXXXXX
Patient: Walter Fitzgerald (fictional) | Age: 64 | Gender: Male
Prescriber: Dr. Kenneth Sterling, MD (fictional) | NPI: XXXXXXXXXX

MEDICATION REQUEST:
Requested Drug: Repatha (evolocumab) SureClick autoinjector
Requested Regimen: 140 mg subcutaneously every 2 weeks (q14d)

CLINICAL INDICATION & HISTORY:
Indication: Established ASCVD (history of STEMI with DES to LAD in 2024)
ICD-10 Code: I25.10 (Atherosclerotic heart disease of native artery)
Lipid Panel Results (Drawn 09/25/2026):
  - Total Cholesterol: 210 mg/dL
  - LDL-C: 128 mg/dL (Goal < 70 mg/dL for secondary prevention)
  - HDL-C: 42 mg/dL | Triglycerides: 200 mg/dL
Prior Statin Trial:
  - Atorvastatin 80 mg daily PO taken from 03/15/2026 to present (>6 mos)
  - Pre-treatment LDL-C: 182 mg/dL (03/01/2026)
  - On-treatment follow-up LDL-C: 128 mg/dL (09/25/2026) (misses goal)
Note to reviewer: Patient remains at very high cardiovascular risk.
Signature: Dr. Kenneth Sterling, MD (fictional) 10/24/2026

CARDIOVASCULAR SPECIALISTS OF NORTH TEXAS (fictional)
PATIENT MEDICATION PROFILE & CLINICAL SUMMARY
Patient: Walter Fitzgerald (fictional) | Age: 64 | MRN: XXXXXXXX
Date: 10/24/2026 | Attending: Dr. Kenneth Sterling, MD (fictional)

ACTIVE MEDICATION ORDERS:
Medication Name	Dose	Route	Frequency	Start Date	Status
Atorvastatin calcium	80 mg	Oral	Daily	03/15/2026	Active
Aspirin EC	81 mg	Oral	Daily	01/10/2024	Active
Metoprolol succinate	50 mg	Oral	Daily	01/10/2024	Active
Evolocumab (Repatha)	420 mg	SubQ	Monthly	10/24/2026	Pending

CLINICAL PROGRESS NOTE EXCERPT (09/25/2026):
Assessment: Established atherosclerotic cardiovascular disease with prior myocardial infarction and percutaneous coronary intervention. Hyperlipidemia not adequately controlled on high-intensity statin (atorvastatin 80 mg daily x 6 months). LDL-C remains elevated at 128 mg/dL. Recommending addition of PCSK9 inhibitor therapy.
